## Reclaimed Collection laminate

8" wide, 2-strip visual

Reclaimed Collection is an offering of our best-looking, upper-end visuals in our most affordable products.

In the group are nine budget-friendly laminates influenced and inspired by the reclaimed trends in flooring, cabinets, and furniture. Using our new wire-brushed, ultra-matte finish texture, we have replicated European oil-rubbed looks. The special finish diffuses light, so the colors are seen beautifully.
